December 1969

TO ALL MEMBERS:

Another short year has nearly come to a close, and on behalf of the Officers and Directors of the Rocky Mountain Railroad Club, I personally wish to express our sincere thanks to each of you for your support during 1969.

We hope that in your mind the year of 1969 may be recorded as one of the better years of the Rocky Mountain Railroad Club. It has been hard work and time consuming on the part of the Officers, Directors and Committeemen, but the goals of the Club have been active in fulfillment.

Two main-line steam excursions were operated over the Union Pacific during the year behind locomotive 8444. We commend the U. P. for retaining their last operative locomotive for our enjoyment.

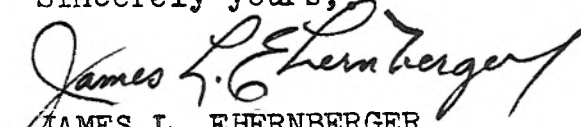

During the year the Club sponsored three outings to various points of interest. The prime objective being for the encouragement of an interest for the preservation of railroading. These events were at the Colorado Railroad Museum, the Cripple Creek & Victor Narrow Gauge, and the Colorado Central Narrow Gauge. We appreciate the fine co-operation from each of these organizations for providing the Club this type entertainment.

We acquired the ex-Los Angeles PCC streetcar that had been idle at Cripple Creek for a number of years, as well as a working model of Colorado & Southern locomotive number 4, which all items are at the Colorado Railroad Museum.

It is hoped by all of us that you as a member of the Club believe that we are beneficial as a hobby organization and for enjoyment and pleasure. I know that we have all attempted to do everything possible for the betterment of the Rocky Mountain Railroad Club, the preservation of equipment, entertaining programs and excursion trips.

From all of us we extend to you and your families A VERY MERRY CHRISTMAS AND A HAPPY AND PROSPEROUS 1970!

Sincerely yours,

JAMES L. EHERNBERGER
President
